GARAGES, HOSPITALS
FOOD SERVICE**

GREEN UMBRELLA®

DeepClean & Maintain

CLARIFY & CONDITION @ HIGH PERFORMANCE

Green Umbrella® DeepClean & Maintain™ is a high-performance, architectural concrete subsurface floor cleaner that works within the Health Sentinel system as a daily or frequent use concrete cleaner. Featuring powerful contaminant releasing properties, clarity enhancer, and when paired w/Slip Resist works to significantly enhance slip resistance. Engineered in a highly concreted formulation to significantly reduce your impact on the environment and logistics expense. The unique properties penetrate porosities for a deep-cleaning action that fights to breakdown grease, oil, and other contaminants — all without leaving any surface residue. An advanced alternative to high pH or sodium based cleaners and the damaging effects of etching, gloss reduction, surface breakdown or contributing to ASR. The conditioning formula penetrates, and is absorbed into the concrete, to clean and clarify promoting a healthy concrete restoration. DeepClean & Maintain with GUnanolInside™ clarifies and maintains - improving lifecycle, health, safety and wellness.

MAKING IT
PERFECTLY CLEAR

“GIVING YOU THE DIRECTION YOU NEED.”

INITIATIVE

INSIGHT

SPECIFICATION

“Green Umbrella starts by CONSULTANTS showing initiative. Design professionals, owners, and contractors need someone who is willing to take the initiative in connecting you with the solutions for sustainable concrete. We freely share industrial insight by investing in our industry with Continued Education Presentations created for the design professionals, general contractors, and craftsmen. We can assist you in understanding past project failures, helping you build your specifications for future success. With all the products needed on a project, it is essential to have someone “Giving the Direction you Need”.
